

Dessert Time: Equal Grouping

Material:

- ◆ 12 Paper Plates
- ◆ 80 Snap Cubes
- ◆ 6-sided numeral die
- ◆ Dessert Time Recording Sheet

Directions:

1. Player A rolls one die to determine how many dessert plates to set out and records the number of plates on the record sheet.
2. Roll the die again to determine how many chocolates each plate should have. Place them on the plates and record the number on the record sheet.
3. Player A determines the total number of chocolates and record on the record sheet.
4. Player B is the inspector and checks that the dessert order is correct.
5. Player B takes a turn while Player A becomes inspector.
6. The player with the most chocolates wins the round.
7. Play continues until all of the rounds are complete.
