

# Ultimate Tic-Tac-Toe

---

## Material:

- ◆ Ultimate Tic-Tac-Toe board and spinners
- ◆ 20 counters per student (different color for each)

## Directions:

1. Player A spins both spinners to create an addition task to solve.
2. Share the solution with your partner and place a counter on the board.
3. Player B takes their turn.
4. If "Remove One" is spun, remove one of your partner's counters from the board.
5. Continue to play until someone has a row of five counters horizontally, vertically, or diagonally.
