

Multiplication Bingo

Material:

- ◆ Multiplication Bingo boards
- ◆ One 10-sided die (0-9)
- ◆ 10 counters per student (different color per student)

Directions:

1. Players select a multiplication bingo board to use for the game.
2. Players alternate turns rolling the die and multiplying the number rolled by the factor they chose for their board.
3. Use a counter to cover the solution on the bingo board.
4. Play continues until a player has 4 counters in a row horizontally, vertically, or diagonally.
